- **Westlands Has A New Website**

## Westlands Has A New Website

The District has recently completed a new and improved website now located at [www.wwd.ca.gov](http://www.wwd.ca.gov). You can continue to use the old website link at [www.westlandswater.org](http://www.westlandswater.org) which will automatically redirect you to the new site. A few changes to note are:

- The Water User *Log In* tab is located in the top right section.
- Easy-to-access *Notices* tab is also located in the top right section but can also be found in the *News & Reports* section.
- We have a new *Drought Information* section accessible both from the homepage *Updates* section and the *News & Reports* section.
- A *Search* box is located at the bottom of each page. Just type in key words to locate a specific subject or use the *Site Map* link.

The new website has an updated appeal, highlights grower efficiency, District conservation efforts and is organized in a more informative manner to enhance your experience. If you have questions, contact Gayle Holman at (559) 241-6233, [gholman@westlandswater.org](mailto:gholman@westlandswater.org); or Jim Carter at (559) 241-6243, [jcarter@westlandswater.org](mailto:jcarter@westlandswater.org).
