2016-2017 Water Year Crop Data Collection

As a friendly reminder, District records do not reflect receipt of your 2016-2017 Crop Report. All crop report data must be provided to the District by September 16, 2016. The collection of crop data is required by the District's water service contract with the U.S. Bureau of Reclamation. Accurate and timely crop information is needed to document the District's water need, its efficient use, and the impacts of water shortages from both hydrologic and regulatory restrictions.

The Crop Report may conveniently be completed online using your customer web account and the web page labeled Crop Report on the selection menu. You can reference Notice No. 479, dated August 16, 2016, for additional information.

The District's Terms and Conditions for Agricultural Water Service state that water service shall not be provided to any water user who fails to submit crop information by the deadline. Your prompt compliance is appreciated and will ensure continued water deliveries.
