

Westlands Water District Invites You to Attend Upcoming SGMA Workshops for the Westside Subbasin

Modeling Results

Thursday, May 3rd Workshop – 10 AM at Westlands' Five Points Field Office

Westlands Water District will hold an informational Groundwater Sustainability Plan (GSP) workshop on Thursday, May 3, 2018, at 10:00 AM at our Five Points Field Office Shop located at 23050 W. Mt. Whitney, Five Points, CA 93624. The purpose of this workshop is to present the Westside Subbasin groundwater modeling results and provide a status of the District's work. All workshops are open to the public, and community members interested in groundwater planning are invited to attend. Please note: This meeting will **not** include a Bilingual presentation (no Spanish translation services provided).

Thursday, May 17th Workshop – 4 to 6 PM at the Mendota Branch Library **(Bilingual Translation Provided)**

In addition, on Thursday, May 17, 2018, Westlands Water District, in conjunction with the San Luis & Delta-Mendota Water Authority (Delta-Mendota Subbasin), will host a bilingual (Spanish and English) workshop to present the Westside Subbasin modeling results. The workshop location is the Mendota Branch Library in the Mendota Meeting Room located at 1246 Belmont Avenue, Mendota, CA 93630. This will be the same information presented on May 3rd with the exception that Spanish translation services will be provided.

Previous presentation materials are available on Westlands Water District's website at: <https://wwd.ca.gov/resource-management/sustainable-groundwatermanagement-act/>.

For additional information, contact Kiti Campbell at: sgma@westlandswater.org or (559) 241-6226.
