CONTRACT BETWEEN THE UNITED STATES
AND
WESTLANDS WATER DISTRICT DISTRIBUTION DISTRICT NO. 1
PROVIDING FOR PROJECT WATER SERVICE
AND FACILITIES REPAYMENT

1 THIS CONTRACT, made this 29th day of MAY 2029 in pursuance generally of
2 the Act of June 17, 1902 (32 Stat. 388), and acts amendatory or supplementary thereto,
3 including, but not limited to, the Acts of August 26, 1937 (50 Stat. 844), as amended and
4 supplemented, August 4, 1939 (53 Stat. 1187), as amended and supplemented, July 2, 1956 (70
5 Stat. 483), June 21, 1963 (77 Stat. 68), October 12, 1982 (96 Stat. 1263), October 27, 1986 (100
6 Stat. 3050), as amended Title XXXIV of the Act of October 30, 1992 (106 Stat. 4706), as
7 amended, and the Water Infrastructure Improvements for the Nation Act (Public Law 114-322,
8 130 Stat. 1628), Section 4011 (a-d) and (f) ("WIIN Act"), all collectively hereinafter referred to
9 as Federal Reclamation law, between THE UNITED STATES OF AMERICA, hereinafter
10 referred to as the United States, and WESTLANDS WATER DISTRICT DISTRIBUTION
11 DISTRICT NO. 1, hereinafter referred to as the Contractor, a public agency of the State of
12 California, duly organized, existing, and acting pursuant to the laws thereof;

13 WITNESSETH, That:

[1st] WHEREAS, the United States has constructed and is operating the Central Valley Project, California, for diversion, storage, carriage, distribution, and beneficial use, for flood control, irrigation, municipal, domestic, industrial, fish and wildlife mitigation, protection and restoration, generation and distribution of electric energy, salinity control, navigation, and other beneficial uses, of waters of the Sacramento River, the American River, the Trinity River, and the San Joaquin River and their tributaries; and

[2nd] WHEREAS, the United States constructed the Delta-Mendota Canal and related facilities, hereinafter collectively referred to as the Delta Division facilities, and the San Luis Canal and related facilities, hereinafter collectively referred to as the San Luis Canal, which will be used in part for the furnishing of water to the Contractor pursuant to the terms of this Contract; and

[3rd] WHEREAS, the Broadview Water District (District) and the United States entered into Contract No. 14-06-200-8092, which provided the District, Central Valley Project water from the Delta-Mendota Canal from November 27, 1959 to February 28, 1995; and

[4th] WHEREAS, the United States and the District entered into Contract No. 14-06-200-8092-IR1 and subsequent Interim Renewal Contracts 14-06-200-8092-IR2 through 14-06-200-8092-IR9, which provided for the continued water service to the District from March 1, 1995, through February 29, 2008; and

[5th] WHEREAS, the Contractor and the District executed an agreement on March 1, 2007, which assigned to the Contractor all right, title, and interest to Contract No. 14-06-200-8092-IR9; and

[6th] WHEREAS, the United States and the Contractor entered into Contract Number 14-06-200-8092-IR10 and subsequent Interim Renewal Contracts 14-06-200-8092-IR11 through

38 14-06-200-8092-IR17, the last of which is hereinafter referred to as the “Existing Contract”,
39 which established terms for the delivery of Project Water to the Contractor from the Delta
40 Division and San Luis Canal, and which was in effect the date the WIIN Act was enacted; and

41 [7th] WHEREAS, on December 16, 2016, the 114th Congress of the United States of
42 America enacted the WIIN Act; and

43 [8th] WHEREAS, Section 4011(a)(1) provides that “upon request of the contractor, the
44 Secretary of the Interior shall convert any water service contract in effect on the date of
45 enactment of this subtitle and between the United States and a water users’ association
46 [Contractor] to allow for prepayment of the repayment contract pursuant to paragraph (2) under
47 mutually agreeable terms and conditions.”; and

48 [9th] WHEREAS, Section 4011(a)(1) further provides that “the manner of conversion
49 under this paragraph shall be as follows: (A) Water service contracts that were entered into
50 under section (e) of the Act of August 4, 1939 (53 Stat. 1196), to be converted under this section
51 shall be converted to repayment contracts under section 9(d) of that Act (53 Stat. 1195)”; and
52 “(B) Water service contracts that were entered under subsection (c)(2) of section 9 of the Act of
53 August 4, 1939 (53 Stat. 1194), to be converted under this section shall be converted to a
54 contract under subsection (c)(1) of section 9 of that Act (53 Stat. 1195).”; and

55 [10th] WHEREAS, Section 4011(a)(4)(C) further provides all contracts entered into
56 pursuant to Section 4011(a)(1), (2), and (3) shall “not modify other water service, repayment,
57 exchange, and transfer contractual rights between the water users’ association [Contractor], and
58 the Bureau of Reclamation, or any rights, obligations, or relationships of the water users’
59 association [Contractor] and their landowners as provided under State law.”; and

60 [11th] WHEREAS, Section 4011(d)(3) and (4) of the WIIN Act provides that
61 “implementation of the provisions of this subtitle shall not alter...(3) the priority of a water
62 service or repayment contractor to receive water; or (4) except as expressly provided in this
63 section, any obligations under the Federal Reclamation law, including the continuation of
64 Restoration Fund charges pursuant to section 3407(d) (Pub. L. 102-575), of the water service and
65 repayment contractors making prepayments pursuant to this section.”; and

66 [12th] WHEREAS, upon the request of the Contractor, the WIIN Act directs the
67 Secretary to convert irrigation water service contracts and Municipal and Industrial (M&I) water
68 service contracts into repayment contracts, amend existing repayment contracts, and allow
69 contractors to prepay their construction cost obligations pursuant to applicable Federal
70 Reclamation law; and

71 [13th] WHEREAS, the United States has determined that the Contractor has to date
72 fulfilled all of its obligations under the Existing Contract; and

73 [14th] WHEREAS, the Contracting Officer has determined that the Contractor has the
74 capability to fully utilize for reasonable and beneficial use, or shown projected future reasonable
75 and beneficial use for, the quantity of Project Water to be made available to it pursuant to this
76 Contract; and

77 [15th] WHEREAS, the Contracting Officer and the Contractor agree that this Contract
78 complies with Section 4011 of the WIIN Act; and

79 [16th] WHEREAS, the Contracting Officer and the Contractor agree to amend and
80 convert the Existing Contract pursuant to section 4011 of the WIIN Act and other Federal
81 Reclamation law on the terms and conditions set forth below;

82 NOW, THEREFORE, in consideration of the mutual and dependent covenants herein
83 contained, it is hereby mutually agreed by the parties hereto as follows:

84 DEFINITIONS

85 1. When used herein unless otherwise distinctly expressed, or manifestly
86 incompatible with the intent of the parties as expressed in this Contract, the term:

87 (a) “Additional Capital Obligation” shall mean construction costs or other
88 capitalized costs incurred after the Effective Date or not reflected in the Existing Capital
89 Obligation as defined herein and in accordance with Section 4011, subsection (a)(2)(B) and
90 (a)(3)(B) of the Water Infrastructure Improvements for the Nation Act (Pub. L. 114-322, 130
91 Stat. 1628) (“WIIN Act”);

92 (b) “Calendar Year” shall mean the period January 1 through December 31,
93 both dates inclusive;

94 (c) “Charges” shall mean the payments required by Federal Reclamation law
95 in addition to the Rates and Tiered Pricing Component specified in this Contract as determined
96 annually by the Contracting Officer pursuant to this Contract;

97 (d) “Contractor’s Boundaries” shall mean the area to which the Contractor is
98 permitted to provide Project Water under this Contract;

99 (e) “CVPIA” shall mean the Central Valley Project Improvement Act, Title
100 XXXIV of the Act of October 30, 1992 (106 Stat. 4706);

101 (f) “Delivered Water” or “Water Delivered” shall mean Project Water made
102 available to the Contractor and diverted at the point(s) of delivery approved by the Contracting
103 Officer;

104 (g) “Eligible Lands” shall mean all lands to which Irrigation Water may be
105 delivered in accordance with Section 204 of the Reclamation Reform Act of October 12, 1982
106 (96 Stat. 1263), as amended;

107 (h) “Excess Lands” shall mean all lands defined as excess in Section 204 of
108 the Reclamation Reform Act of 1982, other than those lands exempt from acreage limitation
109 under Federal Reclamation law;

110 (i) “Existing Capital Obligation” shall mean the remaining amount of
111 construction costs or other capitalized costs allocable to the Contractor as described in section
112 4011, subsections (a)(2)(A) and (a)(3)(A) of the WIIN Act, and as identified in the Central
113 Valley Project Irrigation Water Rates and/or Municipal and Industrial Water Rates, respectively,
114 in the Final 2020 Ratebooks, as adjusted to reflect payments not reflected in such schedule. The
115 Contracting Officer has computed the Existing Capital Obligation and such amount is set forth in
116 Exhibit “C”, which is incorporated herein by reference;

117 (j) “Full Cost Rate” shall mean that water rate described in Sections 205(a)(3)
118 or 202(3) of the Reclamation Reform Act of 1982, whichever is applicable;

119 (k) “Ineligible Lands” shall mean all lands to which Irrigation Water may not
120 be delivered in accordance with Section 204 of the Reclamation Reform Act of 1982;

121 (l) “Irrigation Water” shall mean the use of Project Water to irrigate lands
122 primarily for the production of commercial agricultural crops or livestock, and domestic and
123 other uses that are incidental thereto;

124 (m) “Landholder” shall mean an individual or entity attributed with the total
125 irrigable acreage of one or more tracts of land situated in one or more districts owned and/or
126 operated under a lease which is served with Irrigation Water pursuant to a contract with the
127 United States;

128 (n) "Municipal and Industrial (M&I) Water" shall mean the use of Project
129 Water for municipal, industrial, and miscellaneous other purposes not falling under the definition
130 of "Irrigation Water" or within another category of water use under an applicable Federal
131 authority;

132 (o) "Operation and Maintenance" or "O&M" shall mean normal and
133 reasonable care, control, operation, repair, replacement and maintenance of Project facilities;

134 (p) "Operating Non-Federal Entity" shall mean a Non-Federal entity which
135 has the obligation to operate and maintain all or a portion of the Delta Division facilities and/or
136 San Luis Canal pursuant to an agreement with the United States;

137 (q) "Project" shall mean the Central Valley Project owned by the United
138 States and operated by the Department of the Interior, Bureau of Reclamation;

139 (r) "Project Contractors" shall mean all parties who have contracts for water
140 service for Project Water from the Project with the United States pursuant to Federal
141 Reclamation law;

142 (s) "Project Water" shall mean all water that is developed, diverted, stored, or
143 delivered by the United States in accordance with the statutes authorizing the Project and in
144 accordance with the terms and conditions of applicable water rights permits and licenses
145 acquired by and/or issued to the United States pursuant to California law;

146 (t) "Rates" shall mean the payments determined annually by the Contracting
147 Officer in accordance with the then current applicable water ratesetting policies for the Project;

148 (u) "Repayment Obligation" for Water Delivered as Irrigation Water shall
149 mean the Existing Capital Obligation discounted by $\frac{1}{2}$ of the Treasury rate, which shall be the
150 amount due and payable to the United States, pursuant to section 4011(a)(2)(A) of the WIIN Act;
151 and for Water Delivered as M&I Water shall mean the amount due and payable to the United
152 States, pursuant to section 4011(a)(3)(A) of the WIIN Act;

153 (v) “Secretary” or “Contracting Officer” shall mean the Secretary of the
154 United States Department of the Interior or his duly authorized representative;

155 (w) “Tiered Pricing Component” shall be the incremental amount to be paid
156 for each acre-foot of Water Delivered as described in Article 7 of this Contract and as provided
157 for in Exhibit “A”;

158 (x) “Water Made Available” shall mean the estimated amount of Project
159 Water that can be delivered to the Contractor for the upcoming Year as declared by the
160 Contracting Officer, pursuant to subdivision (a) of Article 4 of this Contract;

161 (y) “Year” shall mean the period from and including March 1 of each
162 Calendar Year through the last day of February of the following Calendar Year.

163 TERM OF CONTRACT – RIGHT TO USE OF WATER

164 2. (a) This Contract shall be effective June 1, 2020, hereinafter known as the
165 “Effective Date”, and shall continue so long as the Contractor pays applicable Rates and Charges
166 under this Contract, consistent with Section 9(d) or 9(c)(1) of the Act of August 4, 1939 (53 Stat.
167 1195) as applicable, and applicable law;

168 (1) Provided, That the Contracting Officer shall not seek to terminate
169 this Contract for failure to fully or timely pay applicable Rates and Charges by the Contractor,
170 unless the Contracting Officer has first provided at least sixty (60) calendar days written notice
171 to the Contractor of such failure to pay and the Contractor has failed to cure such failure to pay,
172 or to diligently commence and maintain full curative payments satisfactory to the Contracting
173 Officer within the sixty (60) calendar days’ notice period;

174 (2) Provided further, That the Contracting Officer shall not seek to
175 suspend making water available or declaring Water Made Available pursuant to this Contract for
176 non-compliance by the Contractor with the terms of this Contract or Federal law, unless the

177 Contracting Officer has first provided at least thirty (30) calendar days written notice to the
178 Contractor and the Contractor has failed to cure such non-compliance, or to diligently commence
179 curative actions satisfactory to the Contracting Officer for a non-compliance that cannot be fully
180 cured within the thirty (30) calendar days' notice period. If the Contracting Officer has
181 suspended making water available pursuant to this paragraph, upon cure of such non-compliance
182 satisfactory to the to the Contracting Officer, the Contracting Officer shall resume making water
183 available and declaring Water Made Available pursuant to this Contract;

184 (3) Provided, further, That this Contract may be terminated at any
185 time by mutual consent of the parties hereto.

186 (b) Upon complete payment of the Repayment Obligation by the Contractor,
187 and notwithstanding any Additional Capital Obligation that may later be established, the acreage
188 limitations, reporting, and Full Cost pricing provisions of the Reclamation Reform Act of 1982,
189 and subdivisions (g) Eligible Lands, (h) Excess Lands, and (k) Ineligible Lands of Article 1 of
190 this Contract shall no longer be applicable.

191 (c) Notwithstanding any provision of this Contract, the Contractor reserves
192 and shall have all rights and benefits under the Act of July 2, 1956 (70 Stat. 483), to the extent
193 allowed by law.

194 (d) Notwithstanding any provision of this Contract, the Contractor reserves
195 and shall have all rights and benefits under the Act of June 21, 1963 (77 Stat. 68), to the extent
196 allowed by law.

197 WATER TO BE MADE AVAILABLE AND DELIVERED TO THE CONTRACTOR

198 3. (a) Subject to the provisions set forth in Articles 11 and 12 of this Contract,
199 and consistent with applicable State water rights, permits, and licenses, the Contractor is entitled
200 to, and the Contracting Officer shall be obligated to make available to the Contractor up to

201 27,000 acre-feet of Project Water during any Year for Irrigation and/or Municipal and Industrial
202 purposes. The quantity of Project Water delivered to the Contractor in accordance with this
203 subdivision of this Article 3 in any Year shall be scheduled and paid for pursuant to the
204 provisions of Articles 4 and 7 of this Contract, and shall not exceed the quantity of Project Water
205 the Contractor intends to put to reasonable beneficial use within the Contractor's Boundaries or
206 sold, transferred, or exchanged pursuant to Article 9 of this Contract.

207 (b) The Contractor shall utilize the Project Water made available to it
208 pursuant to this Contract in accordance with all applicable requirements of any Biological
209 Opinion(s) prepared as a result of a consultation regarding the execution of any water service
210 contract between the Contracting Officer and the Contractor in effect immediately prior to the
211 Effective Date developed pursuant to Section 7 of the Endangered Species Act of 1973 as
212 amended, and in accordance with environmental documentation as may be required for specific
213 activities, including conversion of Irrigation Water to M&I Water.

214 (c) The Contractor shall make reasonable and beneficial use of Project Water
215 or other water furnished pursuant to this Contract. In addition, use of Project Water in a
216 groundwater recharge program shall be permitted under this Contract to the extent that it is
217 carried out in accordance with California law: Provided, however, That such groundwater
218 recharge program cannot be undertaken unless and until the Contractor submits a groundwater
219 management plan pursuant to California law that demonstrates that such groundwater recharge
220 program will result in a reasonable and beneficial use of such water.

221 (d) If the Contracting Officer determines that Project Water, or other water
222 available to the Project, can be made available to the Contractor in addition to the quantity of
223 Project Water made available to the Contractor pursuant to subdivision (a) of this Article, the

224 Contracting Officer shall so notify the Contractor. If the Contractor requests the delivery of any
225 quantity of such water, the Contracting Officer shall make such water available to the Contractor
226 in accordance with applicable statutes, regulations, guidelines, and policies.

227 (e) If the Contractor requests permission to reschedule for use during the
228 subsequent Year some or all of the Project Water made available to the Contractor during the
229 current Year or to use, during the current Year, that quantity of Project Water the United States
230 has agreed to make available to the Contractor during the subsequent Year, the Contracting
231 Officer may permit such uses in accordance with applicable statutes, regulations, guidelines, and
232 policies.

233 (f) The Contractor's rights pursuant to Federal Reclamation law and
234 applicable State law to the beneficial use of water furnished pursuant to this Contract shall not be
235 disturbed so long as the Contractor shall fulfill all of its obligations under this Contract. Nothing
236 in the preceding sentence shall affect the Contracting Officer's ability to impose shortages under
237 subdivision (b) of Article 12 of this Contract.

238 (g) Notwithstanding subdivisions (l) and (n) of Article 1 of this Contract,
239 Project Water furnished to the Contractor pursuant to this Contract may be delivered for
240 purposes other than those described in subdivisions (l) and (n) of Article 1 of this Contract upon
241 written approval by the Contracting Officer in accordance with the terms and conditions of such
242 approval.

243 (h) The Contractor's right pursuant to Federal Reclamation law and applicable
244 State law to the reasonable and beneficial use of the Water Delivered pursuant to this Contract
245 shall not be disturbed, and this Contract shall continue so long as the Contractor pays applicable
246 Rates and Charges under this Contract consistent with Section 9(d) or 9(c)(1) of the Act of

247 August 4, 1939 (53 Stat. 1195) as applicable, and applicable law. Nothing in the preceding
248 sentence shall affect the Contracting Officer's ability to impose shortages under Article 11 or
249 subdivision (b) of Article 12 of this Contract.

250 TIME FOR DELIVERY OF WATER

251 4. (a) On or about February 20, of each Calendar Year, the Contracting Officer
252 shall declare the amount of Project Water estimated to be made available to the Contractor
253 pursuant to this Contract for the upcoming Year. The declaration will be updated monthly, as
254 necessary, based on current hydrologic conditions. The Contracting Officer shall make available
255 the forecast of Project operations, with relevant supporting information, upon the written request
256 of the Contractor or its representatives. Upon written request of the Contractor, the Contracting
257 Officer shall provide the basis of the estimate which shall include, but not be limited to, a
258 monthly pumping forecast for the O'Neill Pumping Plant, the projected carryover of Project
259 reservoirs, projected CVPIA impacts, projected Endangered Species Act and all other regulatory
260 impacts.

261 (b) On or before each March 1, the Contractor shall submit to the Contracting
262 Officer and at such other times as necessary, a written schedule, satisfactory to the Contracting
263 Officer, showing the times and quantities of Project Water to be delivered by the United States to
264 the Contractor pursuant to this Contract, and consistent with subdivision (a) of Article 3 of this
265 Contract.

266 (c) Subject to the conditions set forth in subdivision (a) of Article 3 of this
267 Contract, the United States shall deliver Project Water to the Contractor in accordance with the
268 initial schedule submitted by the Contractor pursuant to subdivision (b) of this Article, or any
269 revision(s) thereto submitted within a reasonable time prior to the date(s) on which the requested
270 change(s) is/are to be implemented.

271 POINT OF DIVERSION AND RESPONSIBILITY FOR DISTRIBUTION OF WATER

272 5. (a) The Project Water to be furnished to the Contractor pursuant to this
273 Contract shall be made available to the Contractor at the mileposts identified in Exhibit "B" and
274 any additional point or points of delivery either on Project facilities or another location or
275 locations mutually agreed to in writing by the Contracting Officer and the Contractor:

276 (b) The Contracting Officer shall make all reasonable efforts to maintain
277 sufficient flows and levels of water in the Delta-Mendota Canal and/or the San Luis Canal to
278 furnish Project Water to the Contractor at the turnout(s) established as a delivery point(s)
279 pursuant to subdivision (a) of this Article.

280 (c) Irrigation Water furnished to the Contractor pursuant to this Contract shall
281 be delivered by the Contractor in accordance with any applicable land classification provisions
282 of Federal Reclamation law and the associated regulations. Project Water shall not be delivered
283 to land outside the Contractor's Boundaries unless approved in advance by the Contracting
284 Officer.

285 (d) All Project Water delivered to the Contractor pursuant to this Contract
286 shall be measured and recorded with equipment furnished, installed, operated, and maintained by
287 the United States or the responsible Operating Non-Federal Entity at the point or points of
288 delivery established pursuant to subdivision (a) of this Article. Upon the request of either party
289 to this Contract, the Contracting Officer shall investigate the accuracy of such measurements and
290 shall take any necessary steps to adjust any errors appearing therein. The Contractor shall advise
291 the Contracting Officer on or before the 10th calendar day of each month of the quantity of M&I
292 Water taken during the preceding month.

293 (e) Neither the United States nor any Operating Non-Federal Entity shall be
294 responsible for the control, carriage, handling, use, disposal, or distribution of Project Water

295 made available to the Contractor pursuant to this Contract beyond the delivery points specified in
296 subdivision (a) of this Article. The Contractor shall indemnify the United States its officers,
297 employees, agents, and assigns on account of damage or claim of damage of any nature
298 whatsoever for which there is legal responsibility, including property damage, personal injury, or
299 death arising out of or connected with the control, carriage, handling, use, disposal, or
300 distribution of such Project Water beyond such delivery points, except for any damage or claim
301 arising out of (i) acts performed by the United States or any of its officers, employees, agents, or
302 assigns, including any responsible Operating Non-Federal Entity, with the intent of creating the
303 situation resulting in any damage or claim; (ii) willful misconduct of the United States or any of
304 its officers, employees, agents, or assigns, including any responsible Operating Non-Federal
305 Entity, or (iii) negligence of the United States or any of its officers, employees, agents, or
306 assigns, including any responsible Operating Non-Federal Entity.

307 MEASUREMENT OF WATER WITHIN THE DISTRICT

308 6. (a) Within five (5)-years of the Effective Date of this Contract, the Contractor
309 shall ensure that, unless the Contractor establishes an alternative measurement program
310 satisfactory to the Contracting Officer, all surface water delivered for irrigation purposes within
311 the Contractor's Boundaries is measured at each agricultural turnout and such water delivered for
312 Municipal and Industrial purposes is measured at each Municipal and Industrial service
313 connection. All water measuring devices or water measuring methods of comparable
314 effectiveness must be acceptable to the Contracting Officer. The Contractor shall be responsible
315 for installing, operating, and maintaining and repairing all such measuring devices and
316 implementing all such water measuring methods at no cost to the United States. The Contractor
317 shall use the information obtained from such water measuring devices or water measuring
318 methods to ensure proper management of the water; to bill water users for water delivered by the

319 Contractor; and, if applicable, to record water delivered for Municipal and Industrial purposes by
320 customer class as defined in its water conservation plan. Nothing herein contained in this
321 Article, however, shall preclude the Contractor from establishing and collecting any charges,
322 assessments or other revenues authorized by California law. The Contractor shall include a
323 summary of its annual surface water deliveries in the annual report described in subdivision (d)
324 of Article 24 of this Contract.

325 (b) Omitted.

326 (c) All new surface water delivery systems installed within the Contractor's
327 Boundaries after the Effective Date of this Contract shall also comply with the measurement
328 provisions described in subdivision (a) of this Article.

329 (d) The Contractor shall inform the Contracting Officer and the State of
330 California in writing by April 30 of each Year of the monthly volume of surface water delivered
331 within the Contractor's Boundaries during the previous Year.

332 RATES, METHOD OF PAYMENT FOR WATER AND ACCELERATED REPAYMENT OF
333 FACILITIES

334 7. (a) Notwithstanding the Contractor's full prepayment of the Repayment
335 Obligation pursuant to section 4011, subsection (a)(2)(A) and subsection (a)(3)(A) of the WIIN
336 Act, as set forth in Exhibit "C", and any payments required pursuant to section 4011, subsection
337 (b) of the WIIN Act, to reflect the adjustment for the final cost allocation as described in this
338 Article, subsection (b), the Contractor's Project construction and other obligations shall be
339 determined in accordance with: (i) the Secretary's ratesetting policy for Irrigation Water adopted
340 in 1988 and the Secretary's then-existing ratesetting policy for M&I Water, consistent with the
341 WIIN Act; and such ratesetting policies shall be amended, modified, or superseded only through
342 a public notice and comment procedure; (ii) applicable Federal Reclamation law and associated

343 rules and regulations, or policies, and (iii) other applicable provisions of this Contract. Payments
344 shall be made by cash transaction, electronic funds transfers, or any other mechanism as may be
345 agreed to in writing by the Contractor and the Contracting Officer. The Rates, Charges, and
346 Tiered Pricing Component applicable to the Contractor upon execution of this Contract are set
347 forth in Exhibit “A”, as may be revised annually.

348 (1) The Contractor shall pay the United States as provided for in this
349 Article of this Contract for all Delivered Water at Rates, Charges, and Tiered Pricing Component
350 in accordance with policies for Irrigation Water and M&I Water. The Contractor’s Rates shall
351 be established to recover its estimated reimbursable costs included in the Operation and
352 Maintenance component of the Rate and amounts established to recover deficits and other
353 charges, if any, including construction costs as identified in the following subdivisions.

354 (2) In accordance with the WIIN Act, the Contractor’s allocable share
355 of Project construction costs will be repaid pursuant to the provisions of this Contract.

356 (A) The amount due and payable to the United States, pursuant
357 to the WIIN Act, shall be the Repayment Obligation. The Repayment Obligation has been
358 computed by the Contracting Officer in a manner consistent with the WIIN Act and is set forth
359 as a lump sum payment (M&I and Irrigation) and as four (4) approximately equal annual
360 installments (Irrigation Only) to be repaid no later than three (3) years after the Effective Date of
361 this Contract as set forth in Exhibit “C”. The Repayment Obligation is due in lump sum by July
362 31, 2020 as provided by the WIIN Act. The Contractor must provide appropriate notice to the
363 Contracting Officer in writing no later than thirty (30) days prior to the Effective Date if electing
364 to repay the amount due using the lump sum alternative. If such notice is not provided by such
365 date, the Contractor shall be deemed to have elected the installment payment alternative, in

366 which case, the first such payment shall be made no later than July 31, 2020. The second
367 payment shall be made no later than the first anniversary of the first payment date. The third
368 payment shall be made no later than the second anniversary of the first payment date. The final
369 payment shall be made no later than June 1, 2023. If the installment payment option is elected
370 by the Contractor, the Contractor may pre-pay the remaining portion of the Repayment
371 Obligation by giving the Contracting Officer sixty (60) days written notice, in which case, the
372 Contracting Officer shall re-compute the remaining amount due to reflect the pre-payment using
373 the same methodology as was used to compute the initial annual installment payment amount,
374 which is illustrated in Exhibit "C". Notwithstanding any Additional Capital Obligation that may
375 later be established, receipt of the Contractor's payment of the Repayment Obligation to the
376 United States shall fully and permanently satisfy the Existing Capital Obligation.

377 (B) Additional Capital Obligations that are not reflected in, the
378 schedules referenced in Exhibit "C" and properly assignable to the Contractor, shall be repaid as
379 prescribed by the WIIN Act without interest except as required by law. Consistent with Federal
380 Reclamation law, interest shall continue to accrue on the M&I portion of the Additional Capital
381 Obligation assigned to the Contractor until such costs are paid. Increases or decreases in the
382 Additional Capital Obligation assigned to the Contractor caused solely by annual adjustment of
383 the Additional Capital Obligation assigned to each Project contractor by the Secretary shall not
384 be considered in determining the amounts to be paid pursuant to this subdivision (a)(2)(B),
385 however, will be considered under subdivision (b) of this Article. A separate agreement shall be
386 established by the Contractor and the Contracting Officer to accomplish repayment of the
387 Additional Capital Obligation assigned to the Contractor within the timeframe prescribed by the
388 WIIN Act, subject to the following:

389 (1) If the collective Additional Capital Obligation
390 properly assignable to the contractors exercising conversion under section 4011 of the WIIN Act
391 is less than five million dollars (\$5,000,000), then the portion of such costs properly assignable
392 to the Contractor shall be repaid not more than five (5)-years after the Contracting Officer
393 notifies the Contractor of the Additional Capital Obligation; *Provided*, That the reference to the
394 amount of five million dollars (\$5,000,000) shall not be a precedent in any other context.

395 (2) If the collective Additional Capital Obligation
396 properly assignable to the contractors exercising conversion under section 4011 of the WIIN Act
397 is equal to or greater than five million dollars (\$5,000,000), then the portion of such costs
398 properly assignable to the Contractor shall be repaid as provided by applicable Federal
399 Reclamation law and Project ratesetting policy; *Provided*, That the reference to the amount of
400 five million dollars (\$5,000,000) shall not be a precedent in any other context.

401 (b) In the event that the final cost allocation referenced in Section 4011(b) of
402 the WIIN Act determines that the costs properly assignable to the Contractor are greater than
403 what has been paid by the Contractor, the Contractor shall be obligated to pay the remaining
404 allocated costs. The term of such additional repayment contract shall be not less than one (1)
405 year and not more than ten (10) years, however, mutually agreeable provisions regarding the rate
406 of repayment of such amount may be developed by the Contractor and Contracting Officer. In
407 the event that the final cost allocation indicates that the costs properly assignable to the
408 Contractor are less than what the Contractor has paid, the Contracting Officer shall credit such
409 overpayment as an offset against any outstanding or future obligations of the Contractor, with the
410 exception of Restoration Fund charges pursuant to section 3407(d) of Pub. L. 102-575.

411 (c) The Contracting Officer shall notify the Contractor of the Rates, Charges,
412 and Tiered Pricing Component as follows:

413 (1) Prior to July 1, of each Calendar Year, the Contracting Officer
414 shall provide the Contractor the preliminary calculation of the Charges that will be applied for
415 the period October 1, of the current Calendar Year, through September 30, of the following
416 Calendar Year, and identify the statutes, regulations and guidelines used as the basis for such
417 calculations. On or before September 15, of each Calendar Year, the Contracting Officer shall
418 notify the Contractor in writing of the Charges to be in effect during the period October 1, of the
419 current Calendar Year, through September 30, of the following Calendar Year, and such
420 notification shall revise Exhibit "A".

421 (2) Prior to October 1 of each Calendar Year, the Contracting Officer
422 shall make available to the Contractor an estimate of the Rates and Tiered Pricing Component
423 for Project Water for the following Year and the computations and cost allocations upon which
424 those Rates are based. The Contractor shall be allowed not less than two (2) months to review
425 and comment on such computations and cost allocations. By December 31 of each Calendar
426 Year, the Contracting Officer shall provide the Contractor with the final Rates and Tiered Pricing
427 Component to be in effect for the upcoming Year, and such notification shall revise Exhibit "A".

428 (d) At the time the Contractor submits the initial schedule for the delivery of
429 Project Water for each Year pursuant to subdivision (b) of Article 4 of this Contract, the
430 Contractor shall pay the United States the total amount payable pursuant to the applicable Rate(s)
431 for all Project Water scheduled to be delivered pursuant to this Contract during the first two (2)
432 calendar months of the Year. Before the end of the first month or part thereof of the Year, and
433 before the end of each calendar month thereafter, the Contractor shall pay pursuant to the

434 applicable Rate(s) for all Project Water scheduled to be delivered pursuant to this Contract
435 during the second month immediately following. Adjustments between the payments for the
436 scheduled amount of Project Water and the appropriate payments for quantities of Delivered
437 Water furnished pursuant to this Contract each month shall be made before the end of the
438 following month: Provided, That any revised schedule submitted by the Contractor pursuant to
439 Article 4 of this Contract, which increases the amount of Project Water to be delivered pursuant
440 to this Contract during any month shall be accompanied with appropriate payment for Rates to
441 assure that Project Water is not furnished to the Contractor in advance of such payment. In any
442 month in which the quantity of Delivered Water furnished to the Contractor pursuant to this
443 Contract equals the quantity of Project Water scheduled and paid for by the Contractor, no
444 additional Project Water shall be made available to the Contractor unless and until payment of
445 Rates for such additional Project Water is made. Final adjustment between the payments of
446 Rates for the Project Water scheduled and the quantities of Delivered Water furnished during
447 each Year pursuant to this Contract shall be made as soon as possible but no later than April 30th
448 of the following Year.

449 (e) The Contractor shall also make a payment in addition to the Rate(s) in
450 subdivision (d) of this Article to the United States for Water Delivered, at the Charges and the
451 appropriate Tiered Pricing Component then in effect, before the end of the month following the
452 month of delivery; Provided, That the Contractor may be granted an exception from the Tiered
453 Pricing Component pursuant to subdivision (k)(2) of this Article. The payments shall be
454 consistent with the quantities of Irrigation Water and M&I Water Delivered as shown in the
455 water delivery report for the subject month prepared by the Operating Non-Federal Entity or, if
456 there is no Operating Non-Federal Entity, by the Contracting Officer. The water delivery report

457 shall be deemed a bill for the payment of Charges and the applicable Tiered Pricing Component
458 for Water Delivered. Adjustment for overpayment or underpayment of Charges shall be made
459 through the adjustment of payments due to the United States for Charges for the next month.

460 Any amount to be paid for past due payment of Charges and the Tiered Pricing Component shall
461 be computed pursuant to Article 18 of this Contract.

462 (f) The Contractor shall pay for any Project Water provided under subdivision
463 (d) or (e) of Article 3 of this Contract as determined by the Contracting Officer pursuant to
464 applicable statutes, regulations, guidelines, and policies.

465 (g) Payments to be made by the Contractor to the United States under this
466 Contract may be paid from any revenues available to the Contractor.

467 (h) Revenues received by the United States pursuant to this Contract shall be
468 allocated and applied in accordance with Federal Reclamation law, including but not limited to,
469 subsection 3 of Section 1 of the Act of July 2, 1956 (70 Stat. 483), and subsection (f) of Section
470 3405, subsection (c)(1) of Section 3406 and subsection (d)(2)(A) of Section 3407 of the CVPIA,
471 and the associated regulations, including but not limited to, the Project Irrigation Water
472 ratesetting policy and the Project M&I Water ratesetting policy promulgated pursuant to the
473 Administrative Procedures Act.

474 (i) At the Contractor's request, the Contracting Officer shall provide to the
475 Contractor an accounting of all of the expenses allocated and the disposition of all revenues
476 received pursuant to this Contract in sufficient detail to allow the Contractor to determine that
477 the allocation of expenses and disposition of all revenues received was accomplished in
478 conformance with Federal Reclamation law and the associated regulations. The Contracting

479 Officer and the Contractor shall enter into good faith negotiations to resolve any discrepancies or
480 disputes arising out of said accounting of the Contractor's review thereof.

481 (j) The parties acknowledge and agree that the efficient administration of this
482 Contract is their mutual goal. Recognizing that experience has demonstrated that mechanisms,
483 policies, and procedures used for establishing Rates, Charges, and Tiered Pricing Component,
484 and/or for making and allocating payments, other than those set forth in this Article would be in
485 the mutual best interest of the parties, it is expressly agreed that the parties may enter into
486 agreements to modify the mechanisms, policies and procedures for any of those purposes while
487 this Contract is in effect without amending this Contract.

488 (k) (1) Beginning at such time as deliveries of Project Water in a Year
489 exceed 80 percent of the Contract Total, then before the end of the month following the month of
490 delivery the Contractor shall make an additional payment to the United States equal to the
491 applicable Tiered Pricing Component. The Tiered Pricing Component for the amount of Water
492 Delivered in excess of 80 percent of the Contract Total, but less than or equal to 90 percent of the
493 Contract Total, shall equal one-half of the difference between the Rate established under
494 subdivision (a) of this Article and the Irrigation Full Cost Water Rate or M&I Full Cost Water
495 Rate, whichever is applicable. The Tiered Pricing Component for the amount of Water
496 Delivered which exceeds 90 percent of the Contract Total shall equal the difference between (i)
497 the Rate established under subdivision (a) of this Article and (ii) the Irrigation Full Cost Water
498 Rate or M&I Full Cost Water Rate, whichever is applicable. For all Water Delivered pursuant to
499 subdivision (a) of Article 3 of this Contract which is in excess of 80 percent of the Contract
500 Total, this increment shall be deemed to be divided between Irrigation Water and M&I Water in
501 the same proportion as actual deliveries of each bear to the cumulative total Water Delivered.

502 (2) Subject to the Contracting Officer's written approval, the
503 Contractor may request and receive an exemption from such Tiered Pricing Component for
504 Project Water delivered to produce a crop which the Contracting Officer determines will provide
505 significant and quantifiable habitat values for waterfowl in fields where the water is used and the
506 crops are produced; *Provided*, That the exemption from the Tiered Pricing Component for
507 Irrigation Water shall apply only if such habitat values can be assured consistent with the
508 purposes of the CVPIA through binding agreements executed with or approved by the
509 Contracting Officer prior to use of such water.

510 (3) For purposes of determining the applicability of the Tiered Pricing
511 Component pursuant to this Article, Water Delivered shall include Project Water that the
512 Contractor transfers to others but shall not include Project Water transferred to the Contractor,
513 nor shall it include the additional water provided to the Contractor under the provisions of
514 subdivision (d) of Article 3 of this Contract.

515 NON-INTEREST BEARING OPERATION AND MAINTENANCE DEFICITS

516 8. The Contractor and the Contracting Officer concur that at the time of execution of
517 this Contract, the Contractor has no non-interest bearing O&M deficits and shall have no further
518 liability therefor.

519 TRANSFERS OR EXCHANGES OF WATER

520 9. The right to Project Water provided for in this Contract may be sold, transferred,
521 or exchanged to others for beneficial uses within the State of California if such sale, transfer, or
522 exchange is authorized by applicable Federal laws, State laws, and applicable guidelines or
523 regulations then in effect. The right to sell, transfer, or exchange Project Water shall include,
524 and the Contracting Officer shall apply this Article in a manner that does not impede or restrict,
525 lawful short-term sales, transfers, or exchanges of the type the District and Contractor

526 historically carried out with approval of the Contracting Officer under Contract No. 14-06-200-
527 8092, as amended, assigned, and renewed. No sale, transfer, or exchange of the right to Project
528 Water under this Contract may take place without the prior written approval of the Contracting
529 Officer.

530 APPLICATION OF PAYMENTS AND ADJUSTMENTS

531 10. (a) The amount of any overpayment by the Contractor shall be applied first to
532 any accrued indebtedness arising out of this Contract then due and payable by the Contractor.
533 Any amount of such overpayment then remaining shall, at the option of the Contractor, be
534 refunded to the Contractor or credited upon amounts to become due to the United States from the
535 Contractor under the provisions of this Contract in the following months. With respect to
536 overpayment, such adjustment shall constitute the sole remedy of the Contractor or anyone
537 having or claiming to have the right to the use of any of the water supply provide for in this
538 Contract.

539 (b) All advances for miscellaneous costs incurred for work requested by the
540 Contractor pursuant to Article 23 of this Contract shall be adjusted to reflect the actual costs
541 when the work has been completed. If the advances exceed the actual costs incurred, the
542 difference will be refunded to the Contractor. If the actual costs exceed the Contractor's
543 advances, the Contractor will be billed for the additional costs pursuant to Article 23 of this
544 Contract.

545 TEMPORARY REDUCTIONS – RETURN FLOWS

546 11. (a) Subject to: (i) the authorized purposes and priorities of the Project; and
547 (ii) the obligations of the United States under existing contracts, or renewals thereof, providing
548 for water deliveries from the Project, the Contracting Officer shall make all reasonable efforts to
549 optimize Project Water deliveries to the Contractor as provided in this Contract.

550 (b) The United States may temporarily discontinue or reduce the quantity of
551 Project Water to be delivered to the Contractor as herein provided for the purposes of
552 investigation, inspection, maintenance, repair, or replacement of any of the Project facilities or
553 any part thereof necessary for the delivery of Project Water to the Contractor, but so far as
554 feasible the Contracting Officer will give the Contractor due notice in advance of such temporary
555 discontinuance or reduction, except in case of emergency, in which case no notice need be given:
556 Provided, That the United States shall use its best efforts to avoid any discontinuance or
557 reduction in such service. Upon resumption of service after such reduction or discontinuance,
558 and if requested by the Contractor, the United States will, if possible, deliver the quantity of
559 Project Water which would have been delivered hereunder in the absence of such discontinuance
560 or reduction: Provided, further, That with respect to any quantity of Project Water not delivered
561 after a discontinuance or reduction the Contractor shall be relieved of its scheduling and payment
562 obligations for such quantity of Project Water.

563 (c) The United States reserves the right to all seepage and return flow water
564 derived from water delivered to the Contractor under this Contract which escapes or is
565 discharged beyond the Contractor's Boundaries: Provided, That this shall not be construed as
566 claiming for the United States any right to seepage or return flow being put to reasonable and
567 beneficial use pursuant to this Contract within the Contractor's Boundaries by the Contractor or
568 those claiming by, through, or under the Contractor.

569 CONSTRAINTS ON THE AVAILABILITY OF WATER

570 12. (a) In its operation of the Project, the Contracting Officer will use all
571 reasonable means to guard against a Condition of Shortage in the quantity of Project Water to be
572 made available to the Contractor pursuant to this Contract. In the event the Contracting Officer
573 determines that a Condition of Shortage appears probable, the Contracting Officer will notify the
574 Contractor of said determination as soon as practicable.

575 (b) If there is a Condition of Shortage because of inaccurate runoff forecasting
576 or other similar operational errors affecting the Project; drought and other physical or natural
577 causes beyond the control of the Contracting Officer; or actions taken by the Contracting Officer
578 to meet current and future legal obligations, then, except as provided in subdivision (a) of Article
579 17 of this Contract, no liability shall accrue against the United States or any of its officers,
580 agents, or employees for any damage, direct or indirect, arising therefrom.

581 (c) In any Year in which there may occur a shortage for any of the reasons
582 specified in subdivision (b) of this Article, the Contracting Officer shall apportion the available
583 Project Water supply among the Contractor and others entitled, under existing contracts and
584 future contracts (to the extent such future contracts are permitted under subsections (a) and (b) of
585 Section 3404 of the CVPIA) and renewals thereof, to receive Project Water consistent with the
586 contractual obligations of the United States.

587 (d) Subject to subdivision (c) of this Article, in any Year in which there may
588 occur a shortage for any of the reasons specified in subdivision (b) of this Article, the
589 Contracting Officer shall apportion the available Project Water among the Contractor and others
590 entitled to receive Project Water from the Delta-Mendota Canal as follows:

591 (1) A determination shall be made of the total quantity of water
592 scheduled to be delivered during the respective Year under all contracts then in force for the
593 delivery of water from the Delta-Mendota Canal, the quantity so determined being herein
594 referred to as the contractual commitments from the Delta-Mendota Canal.

595 (2) The total quantity of water scheduled to be delivered to the
596 Contractor from the Delta-Mendota Canal during the respective Year under subdivision (a) of
597 Article 3 of this Contract shall be divided by the contractual commitments, the quotient thus
598 obtained being herein referred to as the Contractor's contractual entitlement from the Delta-
599 Mendota Canal.

600 (3) The supply determined by the Contracting Officer to be available
601 from the Delta-Mendota Canal shall be multiplied by the Contractor's contractual entitlement and
602 the result shall be the quantity of water required to be delivered by the United States to the
603 Contractor for the respective Year from the Delta-Mendota Canal.

604 UNAVOIDABLE GROUNDWATER PERCOLATION

605 13. (a) The Contractor shall not be deemed to have furnished Irrigation Water to
606 Excess Lands or Ineligible Lands within the meaning of this Contract if such lands are irrigated
607 with groundwater that reaches the underground strata as an unavoidable result of the furnishing
608 of Irrigation Water by the Contractor to Eligible Lands.

609 (b) Upon complete payment of the Repayment Obligation by the Contractor,
610 this Article 13 shall no longer be applicable.

611 COMPLIANCE WITH FEDERAL RECLAMATION LAWS

612 14. The parties agree that the delivery of Irrigation Water or use of Federal facilities
613 pursuant to this Contract is subject to Federal Reclamation law, including but not limited to, the
614 Reclamation Reform Act of 1982 (43 U.S.C. 390aa et seq.), as amended and supplemented, and
615 the rules and regulations promulgated by the Secretary of the Interior under Federal Reclamation
616 law.

617 PROTECTION OF WATER AND AIR QUALITY

618 15. (a) Omitted.

619 (b) The United States will care for, operate and maintain reserved works in a
620 manner that preserves the quality of the water at the highest level possible as determined by the
621 Contracting Officer. The United States does not warrant the quality of the water delivered to the
622 Contractor and is under no obligation to furnish or construct water treatment facilities to
623 maintain or improve the quality of water delivered to the Contractor.

624 (c) The Contractor will comply with all applicable water and air pollution
625 laws and regulations of the United States and the State of California; and will obtain all required
626 permits or licenses from the appropriate Federal, State, or local authorities necessary for the
627 delivery of water by the Contractor; and shall be responsible for compliance with all Federal,
628 State, and local water quality standards applicable to surface and subsurface drainage and/or
629 discharges generated through the use of Federal or Contractor facilities or Project Water
630 provided by the Contractor within its Service Area.

631 (d) This Article shall not affect or alter any legal obligations of the Secretary
632 to provide drainage or other discharge services.

633 WATER ACQUIRED BY THE CONTRACTOR OTHER THAN FROM THE UNITED
634 STATES

635 16. (a) Water or water rights now owned or hereafter acquired by the Contractor
636 other than from the United States and Irrigation Water furnished pursuant to the terms of this
637 Contract may be simultaneously transported through the same distribution facilities of the
638 Contractor subject to the following: (i) if the facilities utilized for commingling Irrigation Water
639 and non-Project water were constructed without funds made available pursuant to Federal
640 Reclamation law, the provisions of Federal Reclamation law will be applicable only to the
641 Landholders of lands which receive Irrigation Water; (ii) the eligibility of land to receive
642 Irrigation Water must be established through the certification requirements as specified in the
643 Acreage Limitation Rules and Regulations (43 CFR Part 426); (iii) the water requirements of
644 Eligible Lands within the Contractor's Boundaries can be established and the quantity of
645 Irrigation Water to be utilized is less than or equal to the quantity necessary to irrigate such
646 Eligible Lands; and (iv) if the facilities utilized for commingling Irrigation Water and non-
647 Project water are constructed with funds made available pursuant to Federal Reclamation law,
648 the non-Project water will be subject to Federal Reclamation law, until such funds have been
649 repaid.

650 (b) Upon complete payment of the Repayment Obligation by the Contractor,
651 this Article 16 shall no longer be applicable.

652 OPINIONS AND DETERMINATIONS

653 17. (a) Where the terms of this Contract provide for actions to be based upon the
654 opinion or determination of either party to this Contract, said terms shall not be construed as
655 permitting such action to be predicated upon arbitrary, capricious, or unreasonable opinions or

656 determinations. Both parties, notwithstanding any other provisions of this Contract, expressly
657 reserve the right to relief from and appropriate adjustment for any such arbitrary, capricious, or
658 unreasonable opinion or determination. Each opinion or determination by either party shall be
659 provided in a timely manner.

660 (b) The Contracting Officer shall have the right to make determinations
661 necessary to administer this Contract that are consistent with the expressed and implied
662 provisions of this Contract, the laws of the United States and the State of California, and the
663 rules and regulations promulgated by the Secretary. Such determinations shall be made in
664 consultation with the Contractor to the extent reasonably practicable.

665 CHARGES FOR DELINQUENT PAYMENTS

666 18. (a) The Contractor shall be subject to interest, administrative, and penalty
667 charges on delinquent payments. If a payment is not received by the due date, the Contractor
668 shall pay an interest charge on the delinquent payment for each day the payment is delinquent
669 beyond the due date. If a payment becomes 60 days delinquent, the Contractor shall pay, in
670 addition to the interest charge, an administrative charge to cover additional costs of billing and
671 processing the delinquent payment. If a payment is delinquent 90 days or more, the Contractor
672 shall pay, in addition to the interest and administrative charges, a penalty charge for each day the
673 payment is delinquent beyond the due date, based on the remaining balance of the payment due
674 at the rate of 6 percent per year. The Contractor shall also pay any fees incurred for debt
675 collection services associated with a delinquent payment.

676 (b) The interest rate charged shall be the greater of either the rate prescribed
677 quarterly in the Federal Register by the Department of the Treasury for application to overdue
678 payments, or the interest rate of 0.5 percent per month. The interest rate charged will be
679 determined as of the due date and remain fixed for the duration of the delinquent period.

680 (c) When a partial payment on a delinquent account is received, the amount
681 received shall be applied first to the penalty charges, second to the administrative charges, third
682 to the accrued interest, and finally to the overdue payment.

683 EQUAL EMPLOYMENT OPPORTUNITY

684 19. During the performance of this Contract, the Contractor agrees as follows:

685 (a) The Contractor will not discriminate against any employee or applicant for
686 employment because of race, color, religion, sex, sexual orientation, gender identity, or national
687 origin. The Contractor will take affirmative action to ensure that applicants are employed, and

688 that employees are treated during employment, without regard to their race, color, religion, sex,
689 sexual orientation, gender identity, or national origin. Such action shall include, but not be
690 limited to, the following: employment, upgrading, demotion, or transfer; recruitment or
691 recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and
692 selection for training, including apprenticeship. The Contractor agrees to post in conspicuous
693 places, available to employees and applicants for employment, notices to be provided by the
694 Contracting Officer setting forth the provisions of this nondiscrimination clause.

695 (b) The Contractor will, in all solicitations or advertisements for employees
696 placed by or on behalf of the Contractor, state that all qualified applicants will receive
697 consideration for employment without regard to race, color, religion, sex, sexual orientation,
698 gender identity, or national origin.

699 (c) The Contractor will not discharge or in any other manner discriminate
700 against any employee or applicant for employment because such employee or applicant has
701 inquired about, discussed, or disclosed the compensation of the employee or applicant or another
702 employee or applicant. This provision shall not apply to instances in which an employee who
703 has access to the compensation information of other employees or applicants as part of such
704 employee's essential job functions discloses the compensation of such other employees or
705 applicants to individuals who do not otherwise have access to such information, unless such
706 disclosure is in response to a formal complaint or charge, in furtherance of an investigation,
707 proceeding, hearing, or action, including an investigation conducted by the employer, or is
708 consistent with the Contractor's legal duty to furnish information.

709 (d) The Contractor will send to each labor union or representative of workers
710 with which it has a collective bargaining agreement or other contract or understanding, a notice,
711 to be provided by the Contracting Officer, advising the labor union or workers' representative of
712 the Contractor's commitments under section 202 of Executive Order No. 11246 of September
713 24, 1965, and shall post copies of the notice in conspicuous places available to employees and
714 applicants for employment.

715 (e) The Contractor will comply with all provisions of Executive Order No.
716 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary
717 of Labor.

718 (f) The Contractor will furnish all information and reports required by
719 Executive Order No. 11246 of September 24, 1965, and by the rules, regulations, and orders of
720 the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and
721 accounts by the Contracting Agency and the Secretary of Labor for purposes of investigation to
722 ascertain compliance with such rules, regulations, and orders.

723 (g) In the event of the Contractor's noncompliance with the nondiscrimination
724 clauses of this Contract or with any of such rules, regulations, or orders, this Contract may be
725 canceled, terminated or suspended in whole or in part and the Contractor may be declared
726 ineligible for further Government contracts in accordance with procedures authorized in
727 Executive Order No. 11246 of September 24, 1965, and such other sanctions may be imposed

728 and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, or by
729 rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

730 (h) The Contractor will include the provisions of paragraphs (a) through (g) in
731 every subcontract or purchase order unless exempted by the rules, regulations, or orders of the
732 Secretary of Labor issued pursuant to section 204 of Executive Order No. 11246 of September
733 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The
734 Contractor will take such action with respect to any subcontract or purchase order as may be
735 directed by the Secretary of Labor as a means of enforcing such provisions, including sanctions
736 for noncompliance: *Provided, however*, that in the event the Contractor becomes involved in, or
737 is threatened with, litigation with a subcontractor or vendor as a result of such direction, the
738 Contractor may request the United States to enter into such litigation to protect the interests of
739 the United States.

740 GENERAL OBLIGATION – BENEFITS CONDITIONED UPON PAYMENT

741 20. (a) The obligation of the Contractor to pay the United States as provided in
742 this Contract is a general obligation of the Contractor notwithstanding the manner in which the
743 obligation may be distributed among the Contractor's water users and notwithstanding the default
744 of individual water users in their obligation to the Contractor.

745 (b) The payment of charges becoming due pursuant to this Contract is a
746 condition precedent to receiving benefits under this Contract. The United States shall not make
747 water available to the Contractor through Project facilities during any period in which the
748 Contractor is in arrears in the advance payment of water rates due the United States. The
749 Contractor shall not deliver water under the terms and conditions of this Contract for lands or
750 parties that are in arrears in the advance payment of water rates as levied or established by the
751 Contractor.

752 COMPLIANCE WITH CIVIL RIGHTS LAWS AND REGULATIONS

753 21. (a) The Contractor shall comply with Title VI of the Civil Rights Act of 1964
754 (Pub. L. 88-352; 42 U.S.C. § 2000d), the Rehabilitation Act of 1973 (Pub. L. 93-112, Title V, as
755 amended; 29 U.S.C. § 791, et seq.), the Age Discrimination Act of 1975 (Pub. L. 94-135, Title
756 III; 42 U.S.C. 6101, et seq.), Title III of the Americans with Disabilities Act of 1990 (Pub. L.
757 101-336; 42 U.S.C. § 12181, et seq.), and any other applicable civil rights laws, and with the
758 applicable implementing regulations and any guidelines imposed by the U.S. Department of the
759 Interior and/or Bureau of Reclamation.

760 (b) These statutes prohibit any person in the United States from being
761 excluded from participation in, being denied the benefits of, or being otherwise subjected to
762 discrimination under any program or activity receiving financial assistance from the Bureau of
763 Reclamation on the grounds of race, color, national origin, disability, or age. By executing this
764 Contract, the Contractor agrees to immediately take any measures necessary to implement this
765 obligation, including permitting officials of the United States to inspect premises, programs, and
766 documents.

767 (c) The Contractor makes this Contract in consideration of and for the
768 purpose of obtaining any and all Federal grants, loans, contracts, property discounts, or other
769 Federal financial assistance extended after the date hereof to the Contractor by the Bureau of
770 Reclamation, including installment payments after such date on account of arrangements for
771 Federal financial assistance which were approved before such date. The Contractor recognizes
772 and agrees that such Federal assistance will be extended in reliance on the representations and
773 agreements made in this Article and that the United States reserves the right to seek judicial
774 enforcement thereof.

775 (d) Complaints of discrimination against the Contractor shall be investigated
776 by the Contracting Officer's Office of Civil Rights.

777 PRIVACY ACT COMPLIANCE

778 22. (a) The Contractor shall comply with the Privacy Act of 1974 (Privacy Act)
779 (5 U.S.C. § 552a) and the Department of the Interior rules and regulations under the Privacy Act
780 (43 C.F.R. § 2.45, et seq.) in maintaining Landholder certification and reporting records required
781 to be submitted to the Contractor for compliance with Sections 206, 224(c), and 228 of the
782 Reclamation Reform Act of 1982 (43 U.S.C. §§ 390ff, 390ww, and 390zz), and pursuant to 43
783 C.F.R. § 426.18.

784 (b) With respect to the application and administration of the criminal penalty
785 provisions of the Privacy Act (5 U.S.C. § 552a(i)), the Contractor and the Contractor's
786 employees who are responsible for maintaining the certification and reporting records referenced
787 in paragraph (a) above are considered to be employees of the Department of the Interior. See 5
788 U.S.C. § 552a(m).

789 (c) The Contracting Officer or a designated representative shall provide the
790 Contractor with current copies of the Department of the Interior Privacy Act regulations and the
791 Bureau of Reclamation Federal Register Privacy Act System of Records Notice (Interior/WBR-
792 31, Acreage Limitation) which govern the maintenance, safeguarding, and disclosure of
793 information contained in the Landholders' certification and reporting records.

794 (d) The Contracting Officer shall designate a full-time employee of the
795 Bureau of Reclamation to be the System Manager responsible for making decisions on denials
796 pursuant to 43 C.F.R. §§ 2.61 and 2.64 and amendment requests pursuant to 43 C.F.R. § 2.72.
797 The Contractor is authorized to grant requests by individuals for access to their own records.

798 (e) The Contractor shall forward promptly to the System Manager each
799 proposed denial of access under 43 C.F.R. § 2.64 and each request for amendment of records
800 filed under 43 C.F.R. § 2.71; notify the requester accordingly of such referral; and provide the
801 System Manager with information and records necessary to prepare an appropriate response to
802 the requester. These requirements do not apply to individuals seeking access to their own
803 certification and reporting forms filed with the Contractor pursuant to 43 C.F.R. § 426.18 unless
804 the requester elects to cite the Privacy Act as an authority for the request.

805 (f) Upon complete payment of the Repayment Obligation by the Contractor,
806 this Article 22 will no longer be applicable.

807 CONTRACTOR TO PAY CERTAIN MISCELLANEOUS COSTS

808 23. In addition to all other payments to be made by the Contractor pursuant to this
809 Contract, the Contractor shall pay to the United States, within sixty (60) days after receipt of a
810 bill and detailed statement submitted by the Contracting Officer to the Contractor for such
811 specific items of direct cost incurred by the United States for work requested by the Contractor
812 associated with this Contract plus a percentage of such direct costs for administrative and general
813 overhead in accordance with applicable Bureau of Reclamation policy and procedures. All such
814 amounts referred to in this Article shall not exceed the amount agreed to in writing in advance by
815 the Contractor. This Article shall not apply to costs for routine contract administration.

816 WATER CONSERVATION

817 24. (a) Prior to the delivery of water provided from or conveyed through
818 Federally constructed or Federally financed facilities pursuant to this Contract, the Contractor
819 shall develop a water conservation plan, as required by subsection 210(b) of the Reclamation
820 Reform Act of 1982 and 43 C.F.R. 427.1 (Water Conservation Rules and Regulations).

821 Additionally, an effective water conservation and efficiency program shall be based on the
822 Contractor's water conservation plan that has been determined by the Contracting Officer to meet
823 the conservation and efficiency criteria for evaluating water conservation plans established under
824 Federal law. The water conservation and efficiency program shall contain definite water
825 conservation objectives, appropriate economically feasible water conservation measures, and
826 time schedules for meeting those objectives.

827 (b) Should the amount of M&I Water delivered pursuant to subdivision (a)
828 Article 3 of this Contract equal or exceed 2,000 acre-feet per Year, the Contractor shall
829 implement the Best Management Practices identified by and the time frames issued by the Mid-

830 Pacific Region's then-existing conservation and efficiency criteria for such M&I Water unless
831 any such practice is determined by the Contracting Officer to be inappropriate for the Contractor.

832 (c) Omitted.

833 (d) The Contractor shall submit to the Contracting Officer by December 31, of
834 each Calendar Year, an annual report on the status of its implementation of the water
835 conservation program.

836 (e) At five (5)-year intervals, the Contractor shall revise its water
837 conservation plan to reflect the then-existing conservation and efficiency criteria for evaluating
838 water conservation plans established under Federal law and submit such revised water
839 management plan to the Contracting Officer for review and evaluation. The Contracting Officer
840 will then determine if the water conservation plan meets the Bureau of Reclamation's then-
841 existing conservation and efficiency criteria for evaluating water conservation plans established
842 under Federal law.

843 EXISTING OR ACQUIRED WATER OR WATER RIGHTS

844 25. Except as specifically provided in Article 16 of this Contract, the provisions of
845 this Contract shall not be applicable to or affect water or water rights now owned or hereafter
846 acquired by the Contractor or any user of such water within the Contractor's Boundaries from
847 other than the United States by the Contractor. Any such water shall not be considered Project
848 Water under this Contract. In addition, this Contract shall not be construed as limiting or
849 curtailing any rights which the Contractor or any water user within the Contractor's Boundaries
850 acquires or has available under any other contract pursuant to the Federal Reclamation law.

851 OPERATION AND MAINTENANCE BY THE OPERATING NON-FEDERAL ENTITY

852 26. (a) The responsibility for performing and, in some cases, funding the O&M of
853 all or any portion of the Delta Division facilities and/or the San Luis Canal may be transferred to

854 an Operating Non-Federal Entity by one or more separate agreements between the United States
855 and the Operating Non-Federal Entity. Any such agreement(s) shall require the Operating Non-
856 Federal Entity to perform the O&M in compliance with the provisions of this Contract and shall
857 not interfere with the rights and obligations of the Contractor and the United States under this
858 Contract.

859 (b) The Contracting Officer has previously notified the Contractor in writing
860 that the Operation and Maintenance of a portion of the Project facilities which serve the
861 Contractor has been transferred to the Operating Non-Federal Entity, and therefore, the
862 Contractor shall pay directly to the Operating Non-Federal Entity, or to any successor approved
863 by the Contracting Officer under the terms and conditions of the separate agreement between the
864 United States and the Operating Non-Federal Entity described in subdivision (a) of this Article,
865 all rates, charges, or assessments of any kind, including any assessment for reserve funds, which
866 the Operating Non-Federal Entity or such successor determines, sets, or establishes for the
867 Operation and Maintenance of the portion of the Project facilities operated and maintained by the
868 Operating Non-Federal Entity or such successor. Such direct payments to Operating Non-
869 Federal Entity or such successor shall not relieve the Contractor of its obligation to pay directly
870 to the United States the Contractor's share of the Project Rates, Charges, and Tiered Pricing
871 Component except to the extent the Operating Non-Federal Entity collects payments on behalf of
872 the United States in accordance with the separate agreement identified in subdivision (a) of this
873 Article.

874 (c) In the event the Operation and Maintenance of the Project facilities
875 operated and maintained by the Operating Non-Federal Entity is re-assumed by the United States
876 during the term of this Contract, the Contracting Officer shall so notify the Contractor, in

877 writing, and present to the Contractor a revised Exhibit “A” which shall include the portion of
878 the Rates to be paid by the Contractor for Project Water under this Contract representing the
879 Operation and Maintenance costs of the portion of such Project facilities which have been
880 reassumed. The Contractor shall, thereafter, in the absence of written notification from the
881 Contracting Officer to the contrary, pay the Rates, Charges, and Tiered Pricing Component
882 specified in the revised Exhibit “A” directly to the United States in compliance with Article 7 of
883 this Contract.

884 CONTINGENT ON APPROPRIATION OR ALLOTMENT OF FUNDS

885 27. The expenditure or advance of any money or the performance of any obligation of
886 the United States under this Contract shall be contingent upon appropriation or allotment of
887 funds. Absence of appropriation or allotment of funds shall not relieve the Contractor from any
888 obligations under this Contract. No liability shall accrue to the United States in case funds are
889 not appropriated or allotted.

890 BOOKS, RECORDS, AND REPORTS

891 28. The Contractor shall establish and maintain accounts and other books and records
892 pertaining to administration of the terms and conditions of this Contract, including the
893 Contractor's financial transactions; water supply data; project operations, maintenance, and
894 replacement logs; project land and rights-of-way use agreements; the water users' land-use (crop
895 census), land-ownership, land-leasing, and water-use data; and other matters that the Contracting
896 Officer may require. Reports shall be furnished to the Contracting Officer in such form and on
897 such date or dates as the Contracting Officer may require. Subject to applicable Federal laws
898 and regulations, each party to this Contract shall have the right during office hours to examine
899 and make copies of the other party's books and records relating to matters covered by this
900 Contract.

901 ASSIGNMENT LIMITED – SUCCESSORS AND ASSIGNS OBLIGATED

902 29. (a) The provisions of this Contract shall apply to and bind the successors and
903 assigns of the parties hereto, but no assignment or transfer of this Contract or any right or interest
904 therein by either party shall be valid until approved in writing by the other party.

905 (b) The assignment of any right or interest in this Contract by either party
906 shall not interfere with the rights or obligations of the other party to this Contract absent the
907 written concurrence of said other party.

SEVERABILITY

30. In the event that a person or entity who is neither (i) a party to a Project Contract, nor (ii) a person or entity that receives Project Water from a party to a Project Contract, nor (iii) an association or other form of organization whose primary function is to represent parties to Project Contracts, brings an action in a court of competent jurisdiction challenging the legality or enforceability of a provision included in this Contract and said person, entity, association, or organization obtains a final court decision holding that such provision is legally invalid or unenforceable and the Contractor has not intervened in that lawsuit in support of the plaintiff(s), the parties to this Contract shall use their best efforts to (i) within thirty (30) days of the date of such final court decision identify by mutual agreement the provisions in this Contract which must be revised, and (ii) within three (3) months thereafter promptly agree on the appropriate revision(s). The time periods specified above may be extended by mutual agreement of the parties. Pending the completion of the actions designated above, to the extent it can do so without violating any applicable provisions of law, the United States shall continue to make the quantities of Project Water specified in this Contract available to the Contractor pursuant to the provisions of this Contract which were not found to be legally invalid or unenforceable in the final court decision.

925
926
927
928

OFFICIALS NOT TO BENEFIT

31. No Member of or Delegate to the Congress, Resident Commissioner, or official of the Contractor shall benefit from this Contract other than as a water user or landowner in the same manner as other water users or landowners.

929
930
931
932
933
934

CHANGES IN CONTRACTOR'S ORGANIZATION AND/OR SERVICE AREA

32. While this Contract is in effect, no change may be made in the Contractor's Service Area or organization, by inclusion or exclusion of lands or by any other changes which may affect the respective rights, obligations, privileges, and duties of either the United States or the Contractor under this Contract, including, but not limited to, dissolution, consolidation, or merger, except upon the Contracting Officer's written consent.

935 RECLAMATION REFORM ACT OF 1982

936 33. (a) Upon a Contractor's compliance with and discharge of the Repayment
937 Obligation pursuant to this Contract, subsections (a) and (b) of Section 213 of the Reclamation
938 Reform Act of 1982 (96 Stat. 1269) shall apply to affected lands.

939 (b) The obligation of a Contractor to pay the Additional Capital Obligation
940 shall not affect the Contractor's status as having repaid all of the construction costs assignable to
941 the Contractor or the applicability of subsections (a) and (b) of section 213 of the Reclamation
942 Reform Act of 1982 (96 Stat. 1269) once the Repayment Obligation is paid.

943 CERTIFICATION OF NONSEGREGATED FACILITIES

944 34. The Contractor hereby certifies that it does not maintain or provide for its
945 employees any segregated facilities at any of its establishments and that it does not permit its
946 employees to perform their services at any location under its control where segregated facilities
947 are maintained. It certifies further that it will not maintain or provide for its employees any
948 segregated facilities at any of its establishments and that it will not permit its employees to
949 perform their services at any location under its control where segregated facilities are
950 maintained. The Contractor agrees that a breach of this certification is a violation of the Equal
951 Employment Opportunity clause in this Contract. As used in this certification, the term
952 "segregated facilities" means any waiting rooms, work areas, rest rooms and wash rooms,
953 restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas,
954 parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing
955 facilities provided for employees which are segregated by explicit directive or are in fact
956 segregated on the basis of race, creed, color, or national origin, because of habit, local custom,
957 disability, or otherwise. The Contractor further agrees that (except where it has obtained
958 identical certifications from proposed subcontractors for specific time periods) it will obtain
959 identical certifications from proposed subcontractors prior to the award of subcontracts
960 exceeding \$10,000 which are not exempt from the provisions of the Equal Employment
961 Opportunity clause; that it will retain such certifications in its files; and that it will forward the
962 following notice to such proposed subcontractors (except where the proposed subcontractors
963 have submitted identical certifications for specific time periods):

964 NOTICE TO PROSPECTIVE SUBCONTRACTORS OF REQUIREMENT FOR
965 CERTIFICATIONS OF NONSEGREGATED FACILITIES

966 A Certification of Nonsegregated Facilities must be submitted prior to the award of a subcontract
967 exceeding \$10,000 which is not exempt from the provisions of the Equal Employment
968 Opportunity clause. The certification may be submitted either for each subcontract or for all
969 subcontracts during a period (i.e., quarterly, semiannually, or annually). Note: The penalty for
970 making false statements in offers is prescribed in 18 U.S.C. § 1001.

971

MEDIUM FOR TRANSMITTING PAYMENT

972 35. (a) All payments from the Contractor to the United States under this Contract
973 shall be by the medium requested by the United States on or before the date payment is due. The
974 required method of payment may include checks, wire transfers, or other types of payment
975 specified by the United States.

976 (b) Upon execution of this Contract, the Contractor shall furnish the
977 Contracting Officer with the Contractor's taxpayer's identification number (TIN). The purpose
978 for requiring the Contractor's TIN is for collecting and reporting any delinquent amounts arising
979 out of the Contractor's relationship with the United States.

980

NOTICES

981 36. Any notice, demand, or request authorized or required by this Contract shall be
982 deemed to have been given, on behalf of the Contractor, when mailed, postage prepaid, or
983 delivered to the Area Manager, South-Central California Area Office, 1243 N Street, Fresno,
984 California 93721, Bureau of Reclamation, and on behalf of the United States, when mailed,
985 postage prepaid, or delivered to the Board of Directors of the Westlands Water District
986 Distribution District No. 1, P.O. Box 6056, Fresno, California 93703-6056. The designation of
987 the addressee or the address may be changed by notice given in the same manner as provided in
988 this Article for other notices.

989

CONTRACT DRAFTING CONSIDERATIONS

990 37. This amended Contract has been negotiated and reviewed by the parties hereto,
991 each of whom is sophisticated in the matters to which this amended Contract pertains. The
992 double-spaced Articles of this amended Contract have been drafted, negotiated, and reviewed by
993 the parties, and no one party shall be considered to have drafted the stated Articles. Single-
994 spaced Articles are standard Articles pursuant to Bureau of Reclamation policy.

995

CONFIRMATION OF CONTRACT

996 38. Promptly after the execution of this amended Contract, the Contractor will
997 provide to the Contracting Officer a certified copy of a final decree of a court of competent
998 jurisdiction in the State of California, confirming the proceedings on the part of the Contractor
999 for the authorization of the execution of this amended Contract. This amended Contract shall not
1000 be binding on the United States until the Contractor secures a final decree.

1001 IN WITNESS WHEREOF, the parties hereto have executed this Contract as of the day
1002 and year first above written.

EXPLANATORY NOTES

¹ Project Use Energy payment is being remitted to Western Area Power Authority for storage and direct pumping based on the deliveries of a select few contractors. The rates for the select few contractors are reduced as a credit in the O&M rates. All Contractors will ultimately pay for the storage and direct pumping service but as an offset to the amount paid by the select few.

² Project Use Energy payment is in addition to the Contract Rate and Full-Cost Water Rates. Refer to the water rate books for more information.

*For Irrigation water, if construction paid under WIIN Act is paid in lump sum, full cost rates and tier pricing component is not applicable for 2020 water rates.

The CVP M&I Water Shortage Policy per EIS/EIR dated August 2015 and Record of Decision dated November 2015 defines the M&I Historic Use as the average quantity of CVP water put to beneficial use during the last three years of water deliveries, unconstrained (100% allocation) by the availability of CVP water for South of the Delta. Contractor's last three years in acre feet (AF) are: 2006 = 56 AF; 2011 = 0 AF; 2017 = 0 AF; equals a M&I Historic use average quantity of 19 AF.

Additional detail of rate components is available on the Internet at:
