

WESTLANDS WATER DISTRICT

CANAL INTEGRATION PROGRAM APPLICATION

W A T E R U S E R	Water User:		Date:
	Requested By:	Phone No:	Account No:
	Groundwater Well Location: Sec. _____, T. _____ S., R. _____ E., M.D. B.&M.		
	Proposed location groundwater discharge: San Luis Canal _____ Mile Point _____		
	Method of Injection: Standpipe or Direct Injection (<i>Circle one</i>)		
	Pump and Well Data: a. Pump driver horsepower _____ HP Electric or Gas (<i>Circle one</i>) b. Pump discharge pipe size _____ inches c. Approximate discharge _____ gpm/cfs d. Estimated quantity of water to be pumped _____ AF (<i>during water year</i>)		
	Does groundwater well have a water meter: Yes ___ No ___		
	Water user must provide a water quality test report, a sketch of proposed piping system layout, and a general location map with this application.		
	Water User Signature:		Date:
	W W D	Preliminary Screening Test Complete: Yes ___ Date _____ Pass/Fail	
Water quality evaluation complete and approved:* Yes ___ Date: _____			
Meter tested for accuracy: Yes ___ No ___ Percent of Difference _____ a. If no, water user must install meter acceptable to the District. b. If yes, meter size _____			
Initial Groundwater Level: _____ ft bgs Date _____ Shutoff Trigger: _____ ft bgs			
Groundwater level evaluation complete and approved: Yes ___ Date: _____			
Geographic location:		Numeric:	
Has water user submitted a sketch of proposed piping system layout and general location map? Yes ___ No ___			
Engineering review and approval: Yes ___ No ___ Initials _____ Date _____			
DWR / USBR review and approval: Yes ___ No ___ Initials _____ Date _____			
Water User Letter Agreement Complete: Yes ___ Date _____			
* <i>The original analysis data sheets including the chain of custody documentation from testing laboratory will be sent to the District and copies will be provided to the water user.</i>
