

Westlands
Water District

Westlands Water District is Hiring a:

Water Measurement Trainee In-House Only

Annual Salary Range: \$59,172 - \$71,928

Department: Mechanical Maintenance

Applications Accepted: June 27, 2024 – July 5, 2024

Minimum Qualifications

Education and Experience:

Possess a United States' high school diploma, GED, or equivalent **and** one (1) year (30 units) of college coursework including courses in algebra, physics, chemistry, hydraulics, water measurement, meter calibration and/or water treatment; **or** two (2) years' experience as an Operator with Westlands Water District may substitute the college units required.

Standard Requirement:

Possess a valid California Class C Driver's License along with a driving record that is acceptable to the District's automobile insurance.

Position Summary

Under general supervision and direction of the Supervisor of Mechanical Maintenance and/or Senior Water Measurement Specialist, receives training and hands on experience in meter servicing and repair, and assists with complex duties in water measurement services, and other technical work related to water measurement. Water Measurement Trainee is a single position classification.

The duties of the Water Measurement Trainee position include, but are not limited to, disassembling, inspecting, cleaning, and repairing mechanical and electronic meters; performing flow measurements and calibrations in the field and at the District's meter calibration facility, and utilizes a computer to generate and maintain various data and reports. The incumbent will assist in the annual performance testing of distribution system pumps, read maps and interpret land descriptions, utilize safety procedures for confined space entry, and manipulate distribution system utilizing the motor control panel and telemetry system to isolate and test equipment. The Water Measurement Trainee position programs, troubleshoots, and repairs electronic registers and sensors, assists in the testing, calibration, and repair of headworks water metering equipment, and performs other duties as assigned.
